Bootstrap

## PROFILE

I am an experienced web developer with two years of corporate experience, specializing in backend development. I excel in architecting and implementing robust backend solutions to support dynamic web applications. My expertise lies in utilizing frameworks like Laravel to build scalable and efficient backend systems.

## WORK EXPERIENCE

### BACKEND DEVELOPER

Jaan NG | 2022 - Present

Designing and implementing database schemas, writing efficient code, and integrating backend systems with frontend interfaces.

- Collaborates with teams to develop creative solutions based on project requirements.
- Responsible for deploying and maintaining backend infrastructure to ensure optimal performance and reliability.
