PROFILE

I'm a web developer with over two years of experience, mainly focused on backend development. I have strong skills in building reliable and scalable web applications using frameworks like Laravel. I enjoy creating backend systems that make websites run smoothly and efficiently.

WORK EXPERIENCE

BACKEND DEVELOPER

Jaan NG | 2022 - 2024

- Designed and optimized database schemas to support scalable web applications.
- Developed and integrated backend APIs using Laravel and other modern frameworks.
- Collaborated with frontend teams to ensure seamless data flow and system performance.

Oniontabs NG | Part-time Backend Developer | 2023 - Present

- Engineered and maintained backend systems for multiple web applications using Laravel and RESTful APIs.
- Collaborated with frontend and product teams to deliver efficient, scalable solutions on schedule.
- Deployed, monitored, and optimized backend infrastructure for high performance and reliability.
